

At 10% ADG, there's nothing weany about our weanling performance.

BioPlus™ 2B delivers burly results. Like a 10% ADG increase in weanling pigs. And an overall ROI of up to 10%. Imagine the tremendous impact that can have on your throughput – and your profits. Need more? As the first microbial feed

additive to receive final EU approval, BioPlus 2B is an excellent alternative for getting better growth with or *without* antibiotics. Strong ROI and sturdy ADG – find out how to add BioPlus 2B to your feed today.

Call your Chr. Hansen sales representative at 1-888-828-6600 today!
